

Objective

To add value and work in a design or advertising agency that will allow me to further improve my skills, be creative, and help me grow to become a better designer.

Experience

12.06 - 05.08

Wickett Publications *Edmonton, AB*

A great experience art directing and designing advertising campaigns, branding & identity systems, websites, product packaging, and outdoor advertising for a wide range of companies. I developed concepts and was active in meetings related to my projects.

10.06 - 12.06

APS Custom Guitars *Freelance*

Designed and built a web site for a guitar manufacture. I met with the client and researched his company in great detail to ensure a design that reflected the personality of his guitars.

Education

09.05 - 05.07

Northern Alberta Institute of Technology *Edmonton, AB*

Diploma in Digital & Interactive Media Design with Honours
Specialized in graphic design & web development.

Skills

Art direction & design for web & print, advertising campaigns, branding & Identity systems, motion graphics, cross browser and standard compliant websites, Information architecture, project management, well-developed written and verbal communication abilities, a keen sense of composition and the relationship between type, image, and colour.

Computer and Software Knowledge

Mac OS X, Windows XP, Adobe Creative Suite CS3, After Effects, Microsoft Office

Programming

XHTML, CSS, Javascript, Actionscript, PHP

Interests

I am a passionate and enthusiastic person interested in all aspects of design. In my spare time I enjoy: Music, Photography, Typography, Guitars, Sitar, Turntables, Snowboarding, Traveling, Culture, Books, Architecture, Nature, the Ocean, Spicy Food
